## Did you know?

Kids can lose up to 3 months of school progress over summer if they don't have a chance to practice their reading skills. Studies show that reading as few as 6 books during the holidays can help maintain reading levels.

Here are some tips for keeping children engaged in books this summer:

*Be a model.* Children who observe their parents reading are more likely to become eager readers themselves.

*Give kids time to read.* Summer schedules can be jam-packed. Be sure to set aside time for reading.

*Use the Library.* Make sure your child has a library card. Get more information at [www.gppl.ab.ca](http://www.gppl.ab.ca)

*Match books with interests.* Does your child like cooking, animals, history, sports, fantasy, or just joking around? Choose a magazine, story, or graphic novel with these in mind.

*Read out-loud. Read together.* Encourage kids to read to a younger sibling. Pick a story and alternate reading. Make it a time to remember.
